

I, Rio Reason urge the FCC to grant the Kristin Brooks Hope Center Application for Review and return the toll free hotline numbers to KBHC promptly. If necessary to accomplish that, I support a temporary extension of the 12 month temporary re-assignment.

I have personally needed this helpline on numerous occasions during my youth, and don't think I would be here today without them. If the phone number is discontinued for this particular use, a plethora of people across the nation will end up committing suicide because they couldn't reach someone to talk to, whether it be because they may not be able to find another number to call because they have no one else to turn to, or simply because they might not be able to remember a new number assigned to the hotline(s).

It is absolutely imperative that the KBHC hotlines remain as they are, as the consequences will be dire. Thank you very much for your time, and I hope that you take these thoughts into consideration.

Very Respectfully,
Rio Reason
